DETAILED ACTION

Claim Objections

Claim 6 is objected to because of the following informalities: claim 6 is dependent to claim 1 which is canceled. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2-3 and 5-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to claim 7, it is not clear as how and why the step of **sweeping the tuning currents** to pass through different current combinations, including sweeping a current through the reflector section in **one direction** and then in a **second direction**.

The remaining claims are dependent on the above rejected claim and therefore are also rejected.
